

Download the free Ada app next time you are feeling unwell

Ada can help you understand your symptoms and guide you to relevant treatment options, including booking a GP appointment.

Step 1: Open the side menu

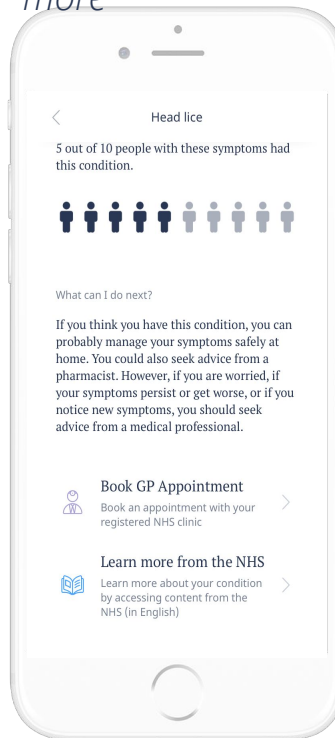

Step 2: Enter your unique code

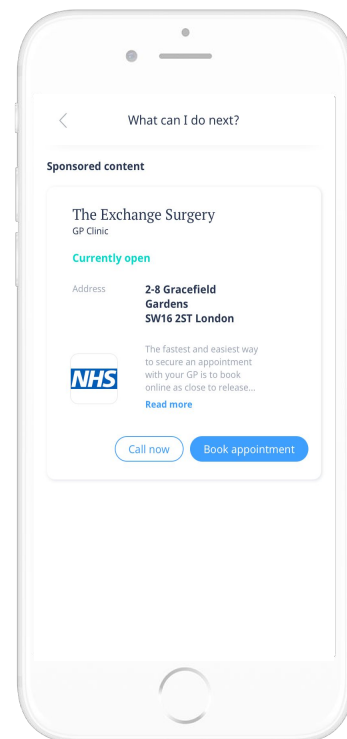

Simply download the free Ada Health app on your phone, enter the unique code sent to you by text, and complete a symptom assessment to better understand what could be wrong.

Step 3: Complete Ada assessment and click "Tell me more"

Step 4: Explore treatment options
